SIEMENS CUSTOMER CHOICE

Providing decision makers with **the right solutions**

With Siemens Customer Choice, you can select from our Desigo® Fire Safety and Cerberus® PRO portfolios for the system performance and service that's perfect for you.
usa.siemens.com/fire

Siemens creates choices so that engineers can specify for performance and focus on life safety. Our End-user Training & Licensing allows owners to take over their system as needed. All technicians are Siemens Technology Certified, which allows them to install, service, and expand both Desigo Fire Safety and Cerberus PRO systems.

Siemens Customer Choice is designed so that our customers have the right fire & life safety system and service provider today and tomorrow. Choose among our Desigo Fire Safety and Cerberus PRO portfolios; if your needs evolve you have the flexibility to easily update your system and change your service provider or sales outlets.

SIEMENS

Understanding your choice

Initial System Design and Installation

	Siemens Area Office	Siemens Partner
Desigo Fire Safety	✔	–
Cerberus PRO	–	✔
Legacy Systems Including: FireFinder XLS & MXL	✔	✔

System and Service Provider Flexibility

	Siemens Area Office	Siemens Partner	End-User*
Desigo Fire Safety	✔	✔	✔
Cerberus PRO	✔	✔	✔
Legacy Systems Including: FireFinder XLS & MXL	✔	✔	✔

*Factory trained end users capable of owning their own software license, servicing, and supporting their own system.

Desigo Fire Safety

Desigo Fire Safety is the complete portfolio delivered by Siemens Area Offices offering a total building solution. Desigo Fire Safety offers a comprehensive portfolio of fire panels, detection, mass notification, integrated building management systems, and remote access Fire Apps that create an intelligent infrastructure to protect your building and its occupants. It provides the right systems, solutions, and platforms to meet your comfort, security, and life safety needs for any application.

Cerberus PRO

Cerberus PRO is the complete dedicated portfolio available from Siemens Partners in the UL Fire & Life Safety market. Cerberus PRO offers a comprehensive portfolio of fire panels, detection, management station and remote access Fire Apps which meet the needs of small-to-large or simple-to-complex applications.

Key Benefits

- Siemens Customer Choice allows you to find the right service provider now and in the future!
- Siemens creates choices so that engineers can specify for performance and focus on life safety.
- End-user Training & Licensing allows owners to take over their system as needed.
- All technicians are Siemens Technology Certified, which allows them to install, service, and expand both Desigo Fire Safety and Cerberus PRO systems.

Our commitment

Siemens market approach provides world class customer choice. No matter the project scope or need – we offer the right solutions, products, and service provider choice for the entire lifecycle of your fire & life safety system. Our nationwide network of Siemens offices and solution partners are Siemens Technology Certified to service and support any Siemens fire system.
